

YOU CAN LET ONE IN EIGHT CHILDREN GROW UP IN POVERTY. OR YOU CAN SEND US THIS CARD.

**That's right.
One in eight.
And poverty doesn't just
deprive children of food
and clothing. It deprives
them of opportunity.
It can keep them
poor for life.
All politicians will only
do something about it
if they feel they have to.
At election time,
for instance...
So let them know
they have to.
